

THE JEMTAB SPIRIT

Go-ahead Spirit

I want to continue to develop and ensure that Jemtab develops. It is together we will reach the goals, it is together we are strong!

Responsibility

I'll make sure my work gets done in a professional way, pick up after myself and help others. I stand for what I think, say and do!

Comfort

I will work for me and my co-workers to thrive by being positive, respectful, help out and be the workmate that I want to meet myself.

Trust

When I follow Jemtabs business systems and perform my duties in accordance with it, I will receive trust from my surroundings and will be able to develop myself and my work.

Acceptance

I'll accept that we are different and know that we can work together even though we have different private values, beliefs and assumptions. At work we have common rules to follow for a common goal, diversity is strength!
